EDUCATION

Asia Pacific University of Technology & Innovation (APU) | Bachelor of Science (Hons) in Interactive Media and Immersive Technology

CGPA: 3.77

Module highlights:

- Digital Illustration & Graphic Design
- Interactive Media Production
- 3D Modeling and Animation
- Web Development (HTML/CSS)
- User Interface & Experience Design
- Immersive Technology

Asia Pacific University of Technology & Innovation (APU) | Foundation in Information Technology

CGPA: 3.70

Al Noor International School, Bahrain | Middle School and High School

TECHNICAL SKILLS

Design & Creative

- **Adobe Photoshop:** Brochures, logos, posters, concept art, business cards
- **Adobe Animate:** E-portfolio, restaurant menu, animation, E-comic
- **Figma:** UI/UX wireframing and mobile interface design
- **Canva:** Graphic layouts, social media content, event materials

3D & Modeling

- **Zbrush:** 3D character sculpting
- **3ds Max:** Character and robotics modeling

Development

- **HTML & CSS:** Tourism website, portfolio website, cafe website, kiosk UI
- **Python:** Administrative system programming
- **R:** Data analysis project

Video & Audio

- **Capcut:** Several edits as personal projects.
- **Audacity:** 3-minute KFC radio commercial.
- **Audiotool:** 2-minute electronic music.

EXPERIENCES / PROJECTS

Peer Leader — Adapted Classwide Peer Tutoring (Mathematics)

- Tutored 5–10 students per session in mathematics, adapting teaching methods to individual learning styles.
- Achieved measurable results — all participants passed the subsequent mathematics exam.
- Developed leadership, communication, and time management skills through consistent peer mentoring.

Committee Member — APU AI Committee

- Designed graphics and visual assets for multiple events and student engagement initiatives.
- Assisted in planning and executing workshops, including AI Week 2026: LLM Everywhere.

Design & Client Projects — Freelance / Academic

- Designed brochures, logos, and business cards for small business clients using Adobe Photoshop.
- Developed an interactive E-portfolio, animated restaurant menu, and E-comic using Adobe Animate.
- Built a tourism website, portfolio website, and kiosk UI using HTML and CSS.
- Modelled 3D characters and robotics using Zbrush and 3ds Max.
- Programmed an administrative system in Python; built a data analysis project in R.

Crew Member — APU Mega Career Fair 2026

- Supported logistics and event organization for a large-scale university career fair.

Volunteer Experience

- **Society for the Prevention of Cruelty to Animals (SPCA):** Maintained animal hygiene and assisted with daily care routines for cats and dogs.
- **Iftar To Go:** Assisted in preparing, packaging, and distributing meals to community members in need.

Other Activities

- Member of Angkatan Mahasiswa Anti Rasuah Club (AMAR)
- Member of Women Empowerment Club (WEC)

CERTIFICATIONS

Rocheston Certified AI Engineer (RCAI)

14-week program — AI concepts, machine learning basics, and practical AI applications.

Microsoft Azure Fundamentals

14-week program — cloud computing fundamentals and Azure services.

UI/UX Workshop

UI/UX design principles and mobile interface design in Figma.

LANGUAGES

- **English** (Fluent)
- **Indonesian** (Intermediate)
